AAPA		<i>AAPA News</i> is read by the members of the American Academy of Physician Assistants (AAPA). Our mailing list is the most comprehensive and current list of physician assistants (PAs) and PA students in the country.  Advertising in <i>AAPA News</i> is a sure way to put your message in the hands of the core membership of the PA profession.
College of American Pathologists		The leading medical journal for pathologists worldwide, <i>The Archives of Pathology and Laboratory Medicine</i> is published monthly by the College of American Pathologists. CAP is the world's largest association composed exclusively of pathologists and is widely considered the leader in providing laboratory quality improvement programs.
		This publication serves hospitals and independent clinical laboratories; group medical practices; hospitals and related institutions in the healthcare field. Pathologists, laboratory directors, pathology residents, laboratory managers, laboratory administrators, hospital administrators, chief medical technologists, section managers/supervisors of chemistry, hematology, microbiology, immunology, blood bank, cytology of histotechnology, HIS/LIS managers and others allied to the field.

	Publication	Description
Haymarket Medical		The <i>Clinical Advisor</i> focuses on improving the skills of nurse practitioners and physician assistants by presenting case-based articles about conditions seen in primary care. <i>Clinical Advisor</i> has won the EDDIE award as the best healthcare magazine in America. Published by Haymarket Media, <i>Clinical Advisor</i> circulates to 120,000 nurse practitioners and physician assistants throughout the United States.
		Topics cover the range of primary and specialty care provided by PAs: evaluation, diagnosis, treatment, follow-up, surgical practice, wellness care in the office, hospital and clinic.
		This is the only publication that combines news for Urologists and Nephrologists. The definitive resource for those involved in the care of kidney disease and dialysis patients.
HcPro Inc.		<i>Florida Healthflash</i> is a weekly news publication delivered via e-mail or fax. It is one of the products of Healthleaders Media, an integrated business information company that focuses on the needs of healthcare decision-makers. <i>Healthflash</i> is original news written and edited by our own staff. It tracks state-level developments in hospitals and health systems, managed care organizations, legislation and more. <i>Healthflash</i> began in California in 1994 as MedF@X and is a proven success with healthcare management professionals.
		<i>HealthLeaders Media</i> magazine is the only publication created exclusively for senior level healthcare executives. Our readers are "C-Suite" executives running the nation's hospitals, health systems, health plans and physician organizations. Each month, more than 40,000 decision-makers turn to the pages of <i>HealthLeaders Media</i> to learn about management trends and innovation, market strategy, cutting-edge solutions and practical advice.
		<i>Texas Healthflash</i> is a weekly news publication delivered via e-mail or fax. It is one of the products of Healthleaders Media, an integrated business information company that focuses on the needs of healthcare decision-makers. <i>Healthflash</i> is original news written and edited by our own staff. It tracks state-level developments in hospitals and health systems, managed care organizations, legislation and more. <i>Healthflash</i> began in California in 1994 as MedF@X and is a proven success with healthcare management professionals.
Healthcom Media		<i>American Nurse Today</i> is the only nursing publication guaranteed to be received by all members of the American Nurses Association every month and serves as a fresh voice of nursing today. The journal will provide vital clinical data, information, news and insight from authoritative experts that will enable nurses to advance their careers and profession while enhancing patient care. <i>American Nurse Today</i> is a comprehensive peer-reviewed journal written by nursing experts and presented in a reader-friendly format.

Publication	Description
 <p>A Jobson Publication</p>	<p><i>20/20 Magazine</i>, established in 1974, is the optical industry's No. 1 source for fashion trends, new products, new services and marketing activities for optical manufacturers, importers, distributors and retailers. <i>20/20 Magazine</i> covers all aspects of eyewear and eye care dispensing activities for ophthalmologists, optometrists and opticians. Published 14 times a year and distributed to nearly 50,000 industry buyers and executives.</p>
 <p>A Jobson Publication</p>	<p><i>Clinician Reviews</i> is a monthly peer-reviewed journal that brings the latest developments and changes in medicine to nurse practitioners and physician assistants. Each issue includes CME review articles, summaries of articles from leading medical literature sources and medical quizzes.</p>
	<p><i>Neuropsychiatry Reviews</i> covers new research and emerging trends in neuropsychiatry and neuroscience, with an emphasis on practical approaches to diagnosis and treatment. Our focus encompasses the full range of neuropsychiatric conditions, including mood disorders, brain injury, dementia, attention disorders, substance abuse, obsessive-compulsive disorder and schizophrenia, as well as neuropsychiatric symptoms and syndromes associated with epilepsy, stroke, Parkinson's disease, multiple sclerosis and other neurologic disorders.</p>
	<p><i>Neurology Reviews</i> is a monthly clinical news publication designed to keep neurologists and select primary-care physicians informed of the latest research news and information. Reports from major medical meetings and symposia around the world are among the regular features.</p>
 <p>A Jobson Publication</p>	<p><i>Review of Ophthalmology</i> focuses on clinical and practice management topics ranging from the latest in new products, therapeutics and surgical techniques to trends in contact lens and optical dispensing. Timely information and research is presented by both staff and respected contributing physicians. Established in 1994.</p>
 <p>A Jobson Publication</p>	<p><i>Review of Optometry</i> delivers the growing vision-care market by serving optometrists' practice and patient needs with clinical, practice management, news and market trend information. Continuing Education programs in print and online have also been a mainstay of <i>Review's</i> commitment to the profession. Established in 2000.</p>

Jobson Medical Group

Publication	Description
	<p>The ONLY clinical news tabloid developed to keeping pulmonologists, critical care specialists and infectious disease physicians abreast of the latest news and information affecting their practice and specialty. Reports from conferences, expert interviews and timely clinical news articles are major features in every issue, as well as Critical Care Update, an entire section devoted to critical care.</p>
	<p>Established in 1976, <i>U.S. Pharmacist</i> is a monthly publication that provides the nation's pharmacists with up-to-date, authoritative, peer-reviewed clinical articles relevant to contemporary pharmacy practice. Editorial content focuses on developments and advances in pharmacotherapy and other aspects of practice, such as economics, legal and ethical issues and industry trends. Pharmacists have the opportunity to earn at least 2 CE credits in every issue.</p>
	<p><i>U.S. Pharmacist Student Edition</i> is a publication that reaches students in all of the pharmacy schools. This special supplement is published three times per year. It provides up-to-date articles covering topics such as career choices, profiles, OTC updates and much more.</p>
	<p>For 19 years, <i>Vision Monday</i> has been the eyewear/eyecare industry's premier source of news about fashion trends, spectacle lens and contact lens technology, or developments in optical equipment, along with insights into how successful retailers and practitioners build their businesses and stay profitable, regardless of economic fluctuations.</p>
	<p><i>Women's Health in Primary Care</i> provides clinically-relevant information on primary care conditions that are more prevalent in, or under-diagnosed in women. It circulates to high prescribing primary care physicians, select specialists and requesting PAs and NPs. <i>Women's Health in Primary Care</i> GYN edition bridges the informational gap that exists between the OB/GYN and the primary care provider. It provides needed primary care data to high-prescribing OB/GYNs, PAs and NPs who function in an OB/GYN setting.</p>
	<p><i>Physicians Practice</i>, the Business Journal for Physicians, is circulated to more than 300,000 community-based practicing physicians throughout the United States. <i>Physicians Practice</i> is the most widely circulated business magazine for physicians in the country.</p>

Physicians Practice

Publication	Description
	The primary goal of <i>The American Journal of Orthopedics</i> ® is to provide timely, practical, and readable technical information of the highest caliber to the orthopedic surgeon involved in the everyday practice of orthopedics.
	<i>Cosmetic Dermatology</i> ® presents new and clinical information focusing on appearance-related aspects of dermatology. Via several in-depth and clinical articles, readers are informed on topics of current interest in the cosmetic dermatology field as it evolves. Each month, it serves as a source of current material for new technology, legal information, practice management technique, and new products. Articles are presented in the form of case reports, reviews and head-to-head comparisons. The publication also provides coverage of clinical meetings and industry events.
	<i>Cutis</i> ® is a 39-year-old, peer-reviewed clinical journal for the dermatologist, allergist and general practitioner. The journal is published monthly and focuses on concise clinical articles that present the practical side of dermatology and are of interest to our readers. <i>Cutis</i> is read by more physicians actively involved in the day-to-day treatment of dermatologic conditions than any other dermatology publication. The journal also offers CME in every issue.
	<i>Emergency Medicine</i> ® is a monthly, peer-reviewed journal published primarily for primary care physicians, with a special emphasis on acute care presentations. (Our tagline is "Acute Medicine for the Primary Care Physician.") We have a circulation of approximately 150,000 readers, most of whom are internists and family-practice physicians.
	<i>Federal Practitioner</i> ™ serves medical professionals of the Department of Veterans Affairs, Department of Defense and the U.S. Public Health Service. Qualified recipients are physicians, residents, pharmacists, medical center administrators (directors, assistant or associate directors, chiefs of staff), nurses and nurse practitioners and physician assistants.
	The primary goal of <i>The Female Patient</i> ® is to provide timely, practical, peer-reviewed information authored by physicians for physicians in every day practice. <i>The Female Patient</i> ® features comprehensive, unbiased review articles as well as regular departments addressing specific subspecialty areas. Established in 1974.
	For more than 20 years, <i>Physicians' Travel &amp; Meeting Guide</i> ® has gathered and delivered CME meetings and travel resources to physicians. <i>Physicians' Travel &amp; Meeting Guide</i> ® serves medical and osteopathic physicians, both office- and hospital-based, in direct patient care as well as other professional activities in the United States.

Quadrant Healthcare Inc.

Publication	Description
	<i>Action</i> is the official member magazine of United Spinal Association. It is the Association's central information source on all aspects of the disability experience; it keeps our members connected with each other; and it reinforces our core beliefs that building an active, meaningful life, despite a spinal cord disability, is possible for anyone with the strength to believe it and the courage to make it happen. Advertising in <i>Action</i> links your products and services to a positive, knowledgeable, and life-affirming group of individuals undaunted by the challenges of a disability and willing to try anything that will help make their lives better.
	<i>JSCM</i> is the official journal of the American Paraplegia Society and publishes cutting-edge research results and commentary covering every aspect of the practice of spinal cord medicine. It's a "must-read" for anyone involved in the study or treatment of spinal cord disabilities. <i>JSCM</i> has a highly educated and sophisticated readership, eager to stay on top of all developments in their field; an ideal showcase for your products and services.
	<i>MSQR</i> , the leading source of multiple sclerosis news, research, treatment methods, and coping strategies, is a joint publication of United Spinal Association and the Consortium of Multiple Sclerosis Centers (CMSC)/North American Research Committee on MS (NARCOMS). The journal has the widest circulation of all our publications and offers an excellent opportunity to reach a broad base of potential customers in the MS community. <i>MSQR</i> provides timely notices of all drug trials and research, treatment resources, and up-to-the-minute information on breakthroughs in the fight to cure MS and advances in the standard of care for people with MS. <i>MSQR</i> puts your message at the forefront of this important struggle and shares in the credibility of this widely-respected publication.
	United Spinal Association presents one of the most important conferences in the country dedicated to spinal cord injuries and disorders (SCI/D): The 2007 North American Spinal Cord Injury Conference and Disability Expo. The United Spinal Association has been hosting this prestigious gathering for more than 20 years and 2007 will inaugurate an entirely new venue — the luxurious Gaylord Palms Resort and Convention Center in Orlando, Florida, one of America's premier business and vacation destinations. This conference brings together the three top professional associations dedicated to SCI/D: American Paraplegia Society, American Association of Spinal Cord Injury Psychologists and Social Workers, and American Association of Spinal Cord Injury Nurses. We are also proud to welcome colleagues to the Annual Therapy Leadership Council in Spinal Cord Injury Conference. Aug. 27–29, 2007, please save the date!
	<i>Urgent Care</i> , the official journal of the American Academy of Urgent Care Medicine (AAUCM), is the first journal to serve this rapidly growing specialty. <i>Urgent Care</i> features high-quality, peer-reviewed clinical content and business practice management. The <i>Urgent Care</i> audience is comprised of 12,000 health-care practitioners who are either members of the AAUCM or those physicians most actively involved in urgent care. <i>Urgent Care</i> is published 10 times a year.
